AFTERGLOW

1990

Here are seniors who, by their talent, work, and friendliness, make Laurelbrook A Special Place.

1990 Afterglow

Laurelbrook School
Rt. 3, Box 352
Dayton, TN 37321

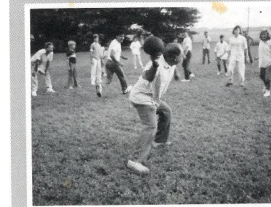

The spiritual life at Laurelbrook is most essential. Mr. Frechette washes Pastor Earl's feet at Communion.

Next is the academic life. June has enjoyed the benefits of the quality Christian education at LBA.

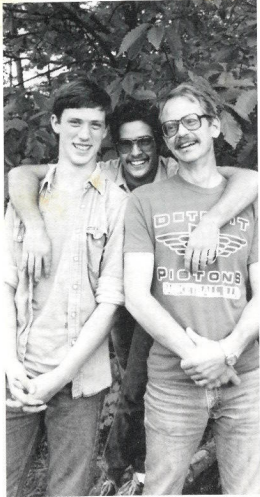

Social life also is part of education. Hikes at LBA allow time to be together and appreciate nature.

Physical exercise helps us to maintain good health. Here we are playing dodgeball for recreation.

WHAT MAKES LAURELBROOK SOME PLACE SPECIAL

FRIENDS at Laurelbrook are Something Special. The kinds of friendships that are made here will not easily be forgotten. They are the kind of friendships that grow from years of association. The memories of the friends made here will be carried with those who leave and will be an encouragement to them as they live their own lives.

Friends play an important part in life's destiny because the associations we have here on this earth can either help or hinder our journey heavenward. It is the desire of the Laurelbrook staff that the friends chosen by the students will be uplifting and help them grow socially and especially spiritually.

SPIRITUAL activities at Laurelbrook prove to be great blessings for students and staff.

The goal of Laurelbrook is to help the individuals that come here to gain a better understanding of Christ and His wonderful love for us.

There are many activities planned during the year that help to bring the entire school closer to God. The Spiritual Retreat and Weeks of Prayer are examples of special times set apart for the worship of our Lord.

With the presence of God here at Laurelbrook, there is no wonder why Laurelbrook is indeed Some Place Special.

STAFF/STUDENT RELATIONS create a homey atmosphere here at Laurelbrook. Being away from home isn't always easy for some. So, certain staff are always willing to take students in and make them feel at home.

Staff and students work together at the different jobs and this provides time to form lasting friendships. The teachers as well as other staff members help the students in many ways by listening to them and helping them in their daily struggles. Likewise the students provide companionship to the staff by their smiles and friendliness.

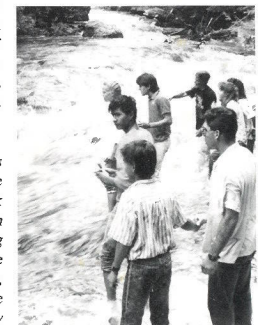

MUSIC should play a part in the lives of all. The music groups here at Laurelbrook give opportunities to all who are willing to join in praising God with their voices.

"Let there be singing in the school, and the pupils will be drawn closer to God, to their teachers, and to one another," **Messages to Young People**, page 292. This is the goal of the music teacher here, that we should all be drawn closer to each other and most importantly to our Lord.

HIKES are an important activity at Laurelbrook. On Sabbath afternoon a hike is arranged so that the students can go out and see the wonderful things of nature. It is a time for all to enjoy the association with other students as well as gain a blessing from seeing the things that God has done.

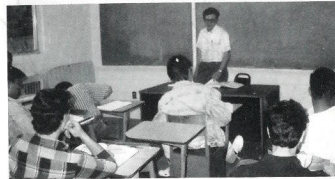

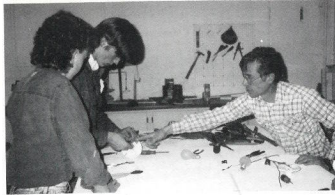

There are many places here on campus that are nice to hike to. When the weather is nice, the Graysville overlook is a good place to go. It provides a breath taking view of the town and surrounding areas. When it rains a lot, the falls are beautiful with the rushing water. Also, spring is always a nice time to hike through the woods and see the new flowers.

CLASSES are offered here at Laurelbrook that will be useful in the every day lives of the students. The regular classes such as English, math, and history are accompanied by vocational classes like nurse aid, home maintenance, and child care.

The teachers take care in instructing the students not only in their education for future occupations, but also for their work as a Christian. The teachers here have the burden of preparing the youth to finish the Lord's work and by the grace of God they will do their part.

VOCATIONAL TRAINING is part of Laurelbrook's education. This type of education gives each student the chance to become useful as adults.

We read in *Messages to Young People*, page 178 that "An important phase of education is lacking if the student is not taught how to engage in useful labor." Laurelbrook is dedicated to putting this statement into practice.

This training program helps students and staff alike to learn to do a job well and to be satisfied with the finished product.

SPECIAL ACTIVITIES is definitely something that makes Laurelbrook Some Place Special. These activities are planned by some of the seniors, staff, and other groups for the enjoyment of students and staff.

Time is spent preparing these activities such as banquets and school picnics to give a variety in recreational activities.

The preparation of these activities give those involved the chance to use and develop their creative ideas and learn to work together. The skills they use will be helpful in later life.

THE PRESIDENT'S MESSAGE

Dear Students and Staff,

The theme of the annual is "Someplace Special." People sing about the "Beautiful Isle of Somewhere," or recite "The Land of Beginning Again." It is in the heart to long for the place where there is no heartaches, sorrows, or problems. As Christians, we look for and strive to be in heaven. We also know it is our duty to make the place where we are "a little heaven on earth." We should make the place where we are some place special, and it is the desire of the staff at Laurelbrook to make this school a special place in the hearts of the young people.

It is not so much the place, but the people that are there that make a place special. May this annual be a reminder of the dear friends and beautiful people that have made Laurelbrook a special place to you this year. Beyond this, it is my prayer, and also the desire of the staff that each of you will have become acquainted with the greatest of all friends while you are here. That greatest Friend is Jesus. In knowing Him, you will desire to be in that very special place and live with Him and the friends and the loved ones you have made here at Laurelbrook.

May this be seen here in the "Afterglow."

May God bless you.

Mr. Bob

Mr. Bob greets Mrs. Hansen and Mrs. Peick.

THE PASTOR'S MESSAGE

As we pass through many of life's experiences, we will always have fixed in our minds something that is special to us. Perhaps it may be some experience that we have had that lifted us up, that brought real encouragement and inspiration to us, or perhaps it may have been some special friend that brought real direction to our lives and who truly understood us. What would this world be without wonderful friends? Then there are special places that have meant much to us. Some places can be awe-inspiring. Some places can be decorated with such color and beauty as to be beyond words. But the most meaningful places, are the places that have brought God into our hearts and true direction to our lives. These are places about which we can truly say, "this place has brought the real beginning to the best years of our lives." Places like these can bring wonderful memories of accomplishments and inspiration that will guide us in the future years.

Laurelbrook can be, and is to many, that special place. This school is a place of quiet retreat from the busy, and sin-hardened world. It is a place where young people can find their bearings with Jesus as their Faithful Friend.

I personally have found this place to be a real inspiration, a place that is very pleasant for us to come. The warmth and love of true Christian friendship, of people who care, the enthusiasm and optimism of youth, and the true concern of teachers and faculty are found here. Yes, Laurelbrook is a special place.

Pastor Walter C. Earle

Mr. Westfall talks with Pastor Earle after the Sabbath service.

Pastor's, President's Message 5

DEDICATION

Mr. and Mrs. Ellis

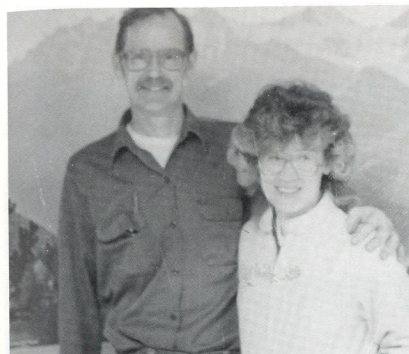

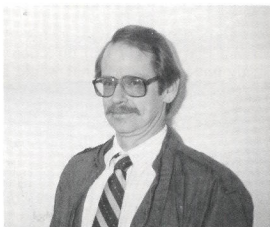

We dedicate this annual to you because of all the times you've taken a personal interest in us. We've always been able to relax, forget about all our cares and just be at home with you.

Mr. Ellis, even in the worst of days, you've told us a joke which made life go better. When we were inexperienced amateurs, you explained everything explicitly. You've always made work educational as well as enjoyable.

Mrs. Ellis, you've always been kind and cheerful not only to the patients, but to the students, too. When we were new and confused workers, you were there giving encouragement. When there were parties for the patients, you would share the extra little treats with us. **For your true Christian example to us, the students and staff of Laurelbrook dedicate this annual to you.**

"And the King shall answer and say unto them, Verily I say unto you, Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me" (Matthew 25:40).

In their younger years, the Ellis's posed for a picture.

Mr. Ellis enjoys all the fun at the school picnic.

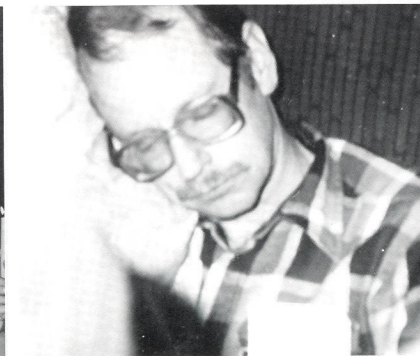

Hard at work, Mr. Ellis examines an engine.

Mrs. Ellis proudly shows off her workshop.

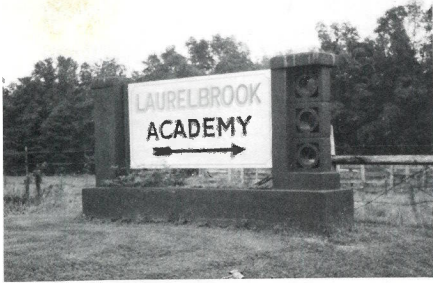

Mrs. Ellis serves at the 1989 Girls Club banquet.

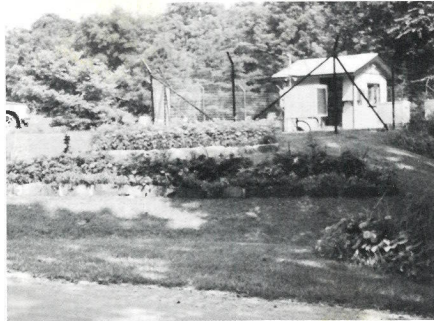

Very tired after the Dominican trip, Mr. Ellis finally gets some sleep.

WHAT LBA STANDS FOR

Vocational Training

Laurelbrook provides training in everyday duties. All students work towards a state certificate as a nursing assistant from working in the Nursing Home. The work program teaches the students responsibility, patience, how to work with people, and how to work as a team.

Social

At Laurelbrook, students are encouraged to mix socially in groups rather than pairing off individually with one particular person. Some of Laurelbrook's social activities include class parties, banquets, Sabbath hikes, and recreation. All this helps them get acquainted with other people and develop good social habits

Spiritual

Laurelbrook puts strong emphasis on the student's spiritual growth. Students attend daily worship and Bible class as well as Sabbath meetings, prayer meetings, and chapel. The years the students spend here is used to prepare them for God's work here and in Heaven.

Academic

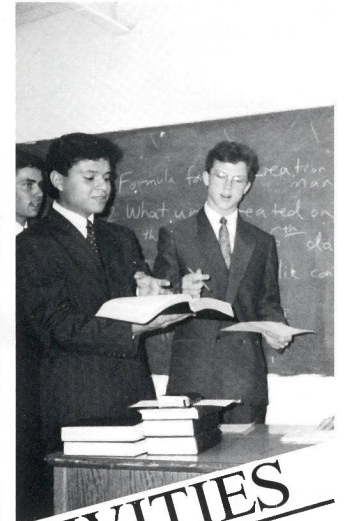

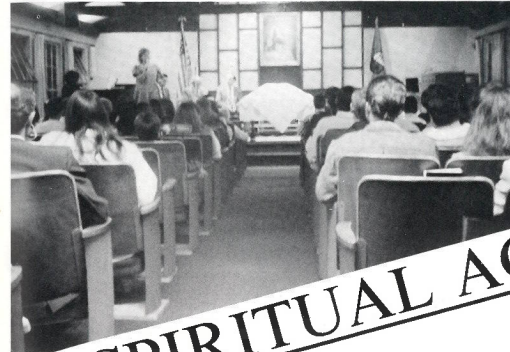

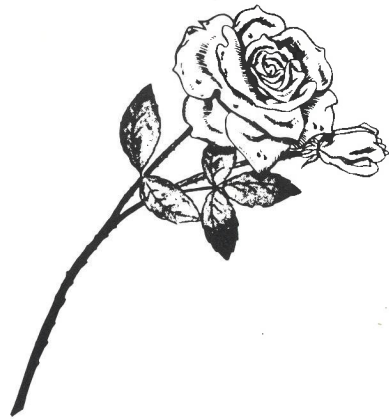

Laurelbrook has three academic programs - college entrance, general high school, and vocational high school.

Here students develop student/teacher relationships by helping students who need extra help in their studies; study halls are available.

We also have educational activities such as outreach, field trips, working on the school annual, and choir trips.

Special Friends

SPIRITUAL ACTIVITIES

Some Place Special

There is a quiet place,
Far from the rapid pace
Where God can soothe my troubled mind.

Sheltered by tree and flow'r,
There in my quiet hour
With Him my cares are left behind.

Robert Locke and Mr. Westfall teach the Primary class.

CAMPUS SPIRITUAL ACTIVITIES

A group of students sing for us.

"God is our refuge and strength a very present help in trouble" (Psalms 46:2).

The congregation joyously sings the opening song.

"Sing Praises to God, sing praises! Sing praises unto our King" (Psalms 47:6).

Mrs. Lee Wellman teaches the kids about Jesus.

"Is any among you afflicted? Let him pray. Is any merry? Let him sing psalms" (Psalms 5:13).

Pastor Earle enjoys a talk with Mrs. Peick before church.

WEEK OF PRAYER

Yvonne Chamness plays the piano for Week of Prayer meetings.

Pastor Coulter used art work to help us see Christ's ministry.

The fall Week of Prayer was brought to us by Elder Coulter. He talked to us about the sanctuary and how to apply aspects of the sanctuary to our lives today. The meetings were very interesting, and surely all the students and staff received a blessing.

After each meeting we got together for prayer bands. Here we had a time to share our thoughts and comments about the meetings and some ideas on other spiritual things.

After the Friday evening meeting, Elder Coulter gave the audience the opportunity to testify about their relationships with the Lord. This was a blessing because it gave us a chance to hear the students and staff that we work and associate with share what the Lord had done for them.

Jim Chamness sang at the beginning of each meeting.

Jim Chamness sang some very lovely songs.

Prayer bands were held after each meeting.

LOCAL OUTREACH

A group of freshmen are picking up trash along the highway to help beautify the community.

All of the students here at LBA have a chance, at least once a month, to go out as separate classes and help the community. Whether it be raking leaves, minor house repairs, or giving an elderly person a Christmas card, students reach out to their community and witness.

Peter presents a gentleman with a card that he made.

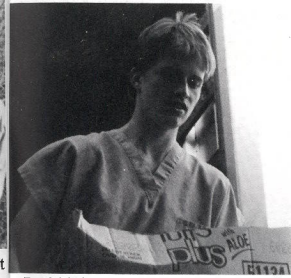

John and Amanda passed out their cards in the nursing home.

On October 3, 1989, Laurelbrook School sent six boys and one staff member to Charleston, South Carolina to help with the clean-up after the Hurricane Hugo. They loaded and unloaded different supplies and also picked up many trees that were blown over.

Kenny carries a bag of apples to the line of distribution.

Danny, Benny, Tom, and Cricket (Jimmy) load a van.

Cindy and Jeff arrange things on the dinner table.

Everyone works hard building the bath-house and water tower.

Bonnie and Theresa lay out the clothes to dry.

REPUBLICA DOMINICA

This year during Christmas break, nine seniors and three staff flew from LBA to the tropical island of Dominican Republic. These people went to help a small school and restaurant. While down there, a bath-house with water tower was built and some finishing work on the church was accomplished. Everyone enjoyed making new friends and seeing a new culture. But the most important lesson learned was helping others for God and the happiness it brings.

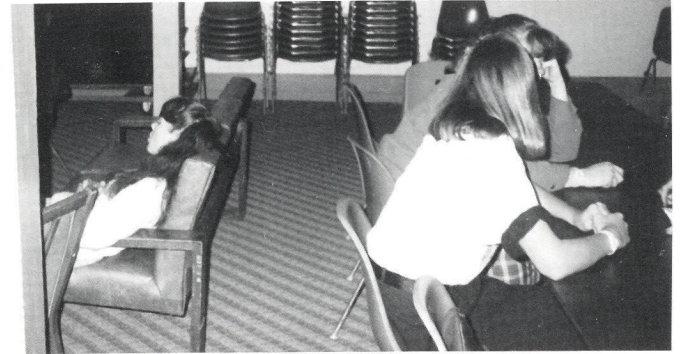

Everyone poses after church on our last Sabbath in Dominican Republic.

SPIRITUAL

20 Spiritual Retreat

RETREAT

The Spiritual Retreat was held at Fall Creek Falls. It started on Friday at noon and ended on Monday at noon. Friday everyone was told to get their things put away neatly in the rooms.

Paul Lundgrin was our pastor. He spoke on "Not trying to, but being a Christian." He told a lot of his experiences when God helped him and gave him courage and control over the times he wanted to do wrong. He also talked to those who had questions. In the mornings, Mrs. Hill had worship followed by breakfast and free time where a lot of the kids either played games or talked to the pastor. Following breakfast, there was a meeting with Pastor Paul. After the night meeting, there were groups of prayer bands and an afterglow. Songs were sung and either Pastor Paul or Mrs. Hill had a little thought to share with the group. The evening closed with prayer. On Sabbath afternoon there were hikes to see some of the sites at the park.

While we were there everyone worked one meal in the kitchen helping to serve or clean up. On Monday everyone left after cleaning the buildings and camp-grounds.

We must learn to study, and to switch classes, teachers and work schedules like a robot would and still smile. We also learn that we can take pride in doing things well in our classes, our work, our dorm, and our play. With each day we find that we can be ourselves, really, because, after all, we are "just Freshmen."

Although this is one of the most difficult years and from the start everything is new, time teaches us that all we do and the friends we make combine to make Laurelbrook become our own — Someplace Special.

Some Place Special

There is a quiet place,
Far from the rapid pace
Where I can ease my troubled mind.

Sheltered by tree and flow'r,
There in my quiet hour
With Him my cares are left behind.
